Do you know the enemy?  
Do you know your enemy?  
Well, gotta know the enemy

Do you know the enemy?  
Do you know your enemy?  
Well, gotta know the enemy

Do you know the enemy?  
Do you know your enemy?  
Well, gotta know the enemy

Violence is an energy  
Against the enemy  
Violence is an energy

Bringing on the .....  
The choir .....  
.....against the honor to .....

Overthrow the effigy  
The vast majority  
.....down the foreman of control

Silence is the enemy  
Against your .....  
So rally up the .....of your .....

Do you know the enemy?  
Do you know your enemy?  
Well, gotta know the enemy

Do you know the enemy?  
Do you know your enemy?  
Well, gotta know the enemy

The insurgency will rise  
When the bloods been sacrificed  
Don't be blinded by the .....  
In your eyes

Do you know the enemy?  
Do you know your enemy?  
Well, gotta know the enemy

Do you know the enemy?  
Do you know your enemy?  
Well, gotta know the enemy

Overthrow the effigy  
The vast majority  
Burning down the foreman of control

Silence is the enemy  
Against your urgency  
So rally up the demons of your soul

# VIVA LA GLORIA

## Order the lines

- ( ) Eternal youth is
- ( ) Hey Gloria
- ( ) A landscape of the lie
- ( ) Lookout to the setting sun
- ( ) The brink of your vision
- ( ) Are you standing close to the edge?

- ( ) Your slogan's a gun for hire
- ( ) As the years will testify
- ( ) Say your prayers and light a fire
- ( ) The cracks of my skin can prove
- ( ) We're going to start a war

It's what we waited for

## Complete

Hey Gloria,

This is why we're ..... the edge  
The fight ..... our lives been drawn to  
This undying love.

Gloria, Viva La Gloria  
You blast your .....  
In graffiti on the .....  
Falling through broken .....that's  
Slashing through your spirit  
I can hear it like a jilted crowd

Gloria, where are you Gloria  
You found a .....  
In all your scars and ammunition  
You made your .....in salad days  
Amongst the ruin  
Ashes to ashes of our youth

She smashed her knuckles into .....  
As autumns wind fades into.....  
She is the saint on all the sinners  
The one that's fallen through the cracks  
So don't put away your burning.....

Gloria, where are you Gloria  
Don't lose your .....  
To your lost naivete  
Weather the storm and don't look  
Back on last .....

When your banners were burning down

Gloria, viva la Gloria  
.....me your amnesty down  
To the broken hearted  
.....us the season  
That we always will remember  
.....the bonfires go out

So Gloria,  
Send out your message of the light  
That shadows in the night.  
Gloria, where's your undying love?  
Tell me the story of your life

# LITTLE GIRL

## **Choose the Word you hear**

Little girl, little girl  
Why are you **trying/crying**?  
Inside your restless **soul/cold**, your heart is dying.  
Little one, little one  
Your soul is purging  
Of love and razor **days/blades**  
Your blood is surging

Run away  
From the river **to/by** the street  
And find yourself with your **grace/face** in the gutter  
You're a stray for the salvation army  
There is no place **as/like** home  
When you got no place to go

Little girl, little girl  
Your **wife/life** is calling  
The charlatans and saints of your abandon  
Little one, little one  
The **sky/roof** is falling  
your lifeboat of deception is now sailing  
In the wake all the **way/day**  
No rhyme or reason  
Your bloodshot **skies/eyes**  
Will show your heart of treason  
Little girl, little girl  
You **dirty/silly** liar  
You're just a junkie  
Preaching to the choir

## **Fill in the blanks**

Run away  
from the river to the street  
And find yourself with your..... in the gutter  
You're a stray for the salvation army  
There is no place like .....

When you got no place to go

The traces of blood  
Always follow you .....

Like the mascara tears  
From your getaway  
You're walking with .....

And running with shears  
So unholy  
Sister of .....

Run away  
From the river to the street  
And find yourself with your face in the gutter  
You're a stray for the salvation army  
There is no place like home
